DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-5, 23-28, and 42-46, drawn to a gaming system or network operational issues, classified in class 463, subclass 42.
 - II. Claims 6-22, 29-41, and 47, drawn to a gaming apparatus and the detail of how it works, classified in class 463, subclass 20.
2. Because these inventions are independent or distinct for the reasons given above and there would be a serious burden on the examiner if restriction is not required because the inventions require a different field of search (see MPEP § 808.02), restriction for examination purposes as indicated is proper.
